PROFESSIONAL SUMMARY

Fourth-year Computer Science student specializing in Artificial Intelligence, with experience in full-stack web and mobile development, seeking to contribute to innovative tech projects.

EDUCATIONAL BACKGROUND

- **Bachelor of Science in Computer Science (4th Year) |** West Visayas State University - Main
- **TVL – ICT (Senior High School) |** Western Institute of Technology **|** Graduated: July 2023

SKILLS

- **Programming Languages**: Python, Dart, JavaScript, Java, C++, HTML, CSS
- **Frameworks & Libraries**: Flutter, Flask
- **Databases & Tools**: SQLite, Firebase, Sheety API, Generative AI Tools
- **Core Domains**: Artificial Intelligence & Machine Learning, Mobile/Web Development, Basic Networking

KEY PROJECTS

- **SENTRi-X Hybrid Intrusion Detection System (Thesis, In Progress):** Hybrid Random Forest + CNN intrusion detection for IoT networks with SHAP/LIME explainability; trained on ToN-IoT, BoT-IoT and CIC-IDS2017, deployed live on a Raspberry Pi sensor.
- **QRder UP! (Full-Stack Web App):** Engineered a QR code-driven cafe ordering system using Python, Flask, JS, and HTML/CSS, featuring SQLite persistence and Sheety API for real-time Google Sheets integration.
- **WVSU Space (Mobile App):** Developed a cross-platform Flutter/Dart app for secure, anonymous student communication, integrating Firebase Auth and real-time database matching.
- **Sibikosaccion (3rd Place - KomSai Hack 2025):** Researched and presented the core educational framework for a digital game centered on civic engagement and voter rights.
- **Laran (Top 10 Finalist - SIKAPTala 2025):** Designed the UI/UX for a gamified, Duolingo-style learning application dedicated to the preservation of Region VI dialects.
- **Panublion sang walay palad (Top 10 - DOST SineAI 2025):** Produced an AI-assisted film leveraging generative AI for storyboarding, visual, and audio elements.

Istasyon Numero Nueve (Champion – SineAI 2026): AI-assisted short film with WVSU team “ALL OF US ARE J”; Champion (Student Category) and Innovation in Storytelling awardee at SineAI 2026, AI Fest PH (DOST Region VI).

EXPERIENCE

LifeBank Microfinance Foundation Inc. | *OJT Intern (240 hours) June 2026 – August 2026*
Frontend architecture and spatial map rendering; UI/UX of a location allowance automation engine; HR analytics dashboard and management panel; data service layer; geographic R&D; and address normalization and geocoding scripting.

John B. Lacson Foundation Maritime University - Molo Campus | *Immersion Trainee March 2023 – May 2023*

ORGANIZATIONS

WVSU – Cipher | *Computer Science 2nd Year Representative*, *August 2024 – May 2025*
WIT SHS – Student Council | *ICT Representative*, *Aug 2021 – May 2022*
